Dear Potential Applicant,

Thank you for your interest in the UCLA School of Nursing Pre-Licensure Bachelor of Science Program. This program will focus upon managing both individuals and population-based cohorts within an acute care hospital or medical center. Conceptually, the curriculum has been developed according to the principles of primary, secondary, and tertiary prevention; moving from a systems population-based approach, to a cohort-based or unit-based perspective, and culminating with an intense focus on the individual-level of care. Graduates of the program will be well prepared to deal with the demands of the present day high acuity patient populations and sophisticated technological environments.

Applicants are expected to fulfill the University of California admission requirements. All freshman applicants to the Pre-Licensure Bachelor of Science degree program must complete the UC Application for Admission and Scholarships and the School of Nursing Supplemental Application. The School of Nursing Supplemental Application will allow potential students the opportunity to provide additional information about their preparation for entry into the nursing profession. The School of Nursing On-Line Supplemental Application is available at <http://nursing.ucla.edu>. The deadline for the UC application is **November 30, 2021** and the School of Nursing Supplemental application is **January 15, 2022**.

For more information we encourage you to visit our website at <http://nursing.ucla.edu>. If you have questions on the admission process, you may contact Mark Covin at mcovin@sonnet.ucla.edu, Jeimy Gama at jgama@sonnet.ucla.edu or Nataly Ascencio at nascencio@sonnet.ucla.edu. We will be happy to answer your questions.
